Who Can Access the SMS?

All students, faculty, and staff with an active NetID have access to the SMS.

Logging into the SMS

Step 1: Entering Your Login Credentials

To access the system, go to ehs.stonybrook.edu/sms and click on the "Access SMS Portal" link on the SMS page.

Enter your Stony Brook University email address. For example: first.last@stonybrook.edu

After entering an email address, click the NEXT button or press the Enter/Return key.

You will be redirected to the Stony Brook Single Sign On page.

All East and West campus users have an active @stonybrook.edu, some users may be required to login with their @stonybrookmedicine.edu email. If you are not redirected to the Stony Brook NetID/Password Single Sign On when typing in your SBU email address and you have a @stonybrookmedicine.edu email, please try logging in with that the latter.
Step 2  
Signing in with NetID and Password

Once you have successfully entered your email address, you will be redirected to the Stony Brook Single Sign On webpage to authenticate with DUO.

You should use your NetID and password to sign on.

*If you do not know your NetID or Password, visit:* 
https://mypasswords.stonybrook.edu

Once on that page, click the “Go to Reset Tool” – you will need your Stony Brook ID (9-digit ID) and two methods to authenticate your account.

*Users with access to the “Salute Portal” should refer to “Using SMS – An Administrator’s Guide.”*
