Dear Anna Maddux,

Thank you so much for taking the time to meet with me and discuss the position of Care Coordinator for Memorial Sloan Kettering Cancer Center yesterday. I enjoyed learning more about the company's new initiatives post COVID-19 as well as the companies' goals of constantly adapting to the changing community.

Our conversation solidified my interest in joining the team especially the company focus of forming relationships with the clients and creating personalized plans specific to their needs. This is something that aligns with my beliefs of the importance of client centered care.

In regard to our conversation about expansion of the company, with my prior affiliations with Northwell Home Care and as a medical assistant, I believe that I can form a connection between different organizations to educate on the need to adapt to changing communities instead of relying on outdated knowledge

If you need any additional information from me, please feel free to contact me. Looking forward to hearing back from you and thank you again for meeting with me.

Sincerely,

Wolfie Seawolf
