About these data: Total headcount reflects official statistics reported to the U.S. Department of Education through the Integrated Postsecondary Education Data System (IPEDS); most recent year is preliminary until reported to IPEDS in the spring. Data for race/ethnicity categories were collected and reported using definitions from IPEDS; **Percent of total** uses the total number of students as a denominator; changes in the number of people categorized as unknown race/ethnicity can distort these percentages, and the separate classification of U.S. Nonresident (international) students renders these statistics incomparable to statistics released by the U.S. Census. **Percent of U.S. citizens and legal residents with known race/ethnicity** removes students with unknown race/ethnicity as well as U.S. Nonresident (international) students from the denominator; this calculation is comparable to figures from the U.S. Census tables for Hispanic or Latino Origin by Race, recognizing international students are not included.
