# CURRICULUM VITAE TURHAN CANLI, Ph.D.

Professor of Psychology and of Psychiatry Stony Brook University Stony Brook, NY 11794-2500 Telephone: (631) 632-7803 Fax: (631) 632-7876

E-mail: turhan.canli@stonybrook.edu

#### Research Interests and Expertise

- Neural and genetic basis of personality, depression, and cognitive decline
- Molecular Psychology
- Affective, Personality, Political and Social Neuroscience
- Neuroethics
- Global Brain/Mental Health, Forced Migration, International Refugee Policy

### **Honors and Awards**

- 2022 Elected Fellow, American Psychological Association (APA)
- 2021 Elected Fellow, Society for the Psychological Study of Social Issues (SPSSI)
- 2013 McGovern Lecture, Beijing University, Beijing, China
- 2010 Elected Fellow of the Association for Psychological Science (APS)
- 2008 James McKeen Cattell Sabbatical Award (Cattell Fund and Association for Psychological Science)
- 2007 Closing Lecture: 43<sup>rd</sup> National Psychiatry Congress, Istanbul, Turkey, October 27, 2007.
- Alumni Recognition Award, EPIIC (Education for Public Inquiry and International Citizenship), Tufts University. "In recognition of your distinguished scholarly accomplishments, path-breaking ways to understand the brain, and your dedication to ethics in science and public policy". February 23, 2006.
- Opening Lecture: 8th Meeting of the Differential Psychology, Personality Psychology, and Psychological Diagnostics, Marburg, German, September 26, 2005.
- 2005 Outstanding Mentoring Award, Paul D. Schreiber High School
- 2002 APA Div. 6 D.G. Marquis Award for the best paper in *Behavioral Neuroscience* in 2001
- 2001-3 Young Investigator Award, National Alliance for Research on Schizophrenia and Depression (NARSAD)
- 1996-9 National Research Service Award (NRSA)
- 1992 Fifth Year Dissertation Fellowship (Yale University)
- 1988 Benjamin G. Brown Scholarship (Tufts University)

### **Degrees**

Yale University, Graduate School of Arts and Sciences, New Haven, CT.

- 1993 Ph.D. (Psychobiology)
- 1991 M.Phil. (Psychobiology)
- 1989 M.S. (Psychobiology)
- <u>Tufts University</u>, College of Liberal Arts, Medford, MA.

1988 B.A., summa cum laude, summo cum honore in thesi (Psychology)

### **Professional Post-Graduate Training and Workshops**

- 2017 Certification in *Global Mental Health: Trauma and Recovery*, Harvard Program in Refugee Trauma.
- 2008 Sabbatical Leave. Molecular Biology and Epigenetics, Genomic Core Facility, Stony Brook University. Trained by its Director, Dr. Eli Hatchwell.
- 2004 Certification in Basic Life Support for Health Care Providers
- 2004 Certification in Seizure Management and Transcranial Magnetic Stimulation, Harvard Medical School, February 9-13, 2004.
- 2002 Certification in Molecular Biology, New England Biolabs Workshop in Molecular Biology and PCR, Smith College, MA, June 23 July 6, 2002.
- 2002 Statistical Parametric Mapping Workshop, Wellcome Department of Cognitive Neuroscience, London, England, May 17-18, 2002.

### **Appointments**

#### Stony Brook University, Stony Brook, NY

2016 – Full Professor, Departments of Psychology and Psychiatry

2007 – 2015 Associate Professor, Department of Psychology

2001 – 2006 Assistant Professor, Department of Psychology

*Non-Departmental Appointments:* 

2016 – Founder/Director, Mind/Brain Center on War and Humanity

2010 – 2013 Director, Graduate Program in Genetics

2007 – Founder/Director, SCAN (Social, Cognitive, and Affective Neuroscience) Center

### University of California, Berkeley, CA

2000 (Fall) Lecturer, Department of Psychology

### Stanford University, Stanford, CA

1995 - 2001 Postdoctoral Research Affiliate /Visiting Scholar, Department of Psychology

### Yale University, New Haven, CT

1993 - 1995 Postdoctoral Research Associate, Department of Psychology

### Research Support

#### Submitted to the Dana Foundation

"The Dana Center for Neuroscience & Society in Global Brain Health" \$175,000

Turhan Canli, P.I.

The proposed "Dana Center for Neuroscience & Society in Global Brain Health" will be established as a Provostial Center at Stony Brook University. It will be a global hub-and-spoke entity, integrating academic, nonprofit, and international organizations across the U.S., U.K., pan-African nonprofit partners, and Switzerland. The Center's mission will be to promote global brain health and neuroethics, focusing on African-American and on pan-African populations.

### Current

SCAN Center and Office of the Provost, Stony Brook University

"Information-Processing of "Fake News" in a Political Context"

Turhan Canli, P.I.

\$62,500, 9/1/2018-8/31/2023

This project uses fMRI to study encoding and memory retrieval processes of political information as a function of participants' political orientation.

SCAN Center and Office of the Provost, Stony Brook University

"Application of a Novel Imaging Technique to the study of Blood-Brain-Barrier Function as a function of depressive state"

Turhan Canli, P.I.

\$62,500, 6/1/2019-5/31/2024

This project uses a novel 3D imaging technique developed at the SCAN Center (*Intrinsic Diffusivity Encoding of Arterial Labeled Spin*: He, Wengler, Bangiyev, Canli, Duong, and Schweitzer, *Neuroimage*, 2019) to study changes in BBB permeability as a function of depressive state in patients, and BBB stability across time in healthy controls.

#### Past

Department of Psychiatry Pilot Grant

"Activating and identifying neural responses to social rejection: a combined tDCS/fMRI study" Turhan Canli, Mentor to Dr. David T. Hsu (P.I.) and Co-P.I.

\$15,000 8/1/2017 - 7/31/2019

The goal of this pilot study was to combine transcranial direct current stimulation (tDCS) with functional magnetic resonance imaging (fMRI) to activate and identify neural pathways regulating negative moods during rejection in a sample of healthy volunteers in order to: (1) test the behavioral effects of tDCS during social rejection, and (2) use tDCS to activate, and fMRI to identify, neural pathways regulating negative moods during social rejection.

SCAN Center and Office of the Provost, Stony Brook University

"Arterial Spin Labeling (ASL) Imaging of Resting Brain Activation as a function of Loneliness" Turhan Canli, P.I.

\$60,000, 9/1/2015-8/31/2017

This project used ASL as a way to measure absolute blood flow as a function of subjective social isolation in a cohort of fifty college-aged and fifty older (age 55+) adults as a follow-up study to our NIH- and NSF-funded work.

National Institutes of Health, National Institute on Aging, 1 R01 AG034578-01 "Gene-Environment Interactions in Loneliness and Stress Reactivity in Older Adults" Turhan Canli, P.I.

\$2,350,000, 6/24/2009-8/31/2014

This project used a combination of behavioral, neuroimaging, and *postmortem* whole genome expression analyses at the RNA level to investigate gene regulation changes as a function of psychosocial stress and loneliness in the elderly.

National Science Foundation, BCS-0843346

"The Human Stress Response: Interaction of Life Stress History and Genetic Variation on Behavior, Brain Function, and the (Epi-)Genome"

Turhan Canli, P.I. (20% academic year, 25% summer)

\$882,000, 7/24/2009-8/31/2013

The goal of this study was to investigate gene-by-environment interactions on individual differences in stress reactivity in behavior, brain circuits, and gene expression in younger individuals and proteomics markers of gene expression in *postmortem* brain tissue associated with these processes.

#### SBU-BNL Seed Grant

"The neurogenetics of impulsivity: individual differences within the dopamine transporter (*DAT*) gene assessed with PET and fMRI"

Turhan Canli, P.I.

\$24,000, 6/1/2005-5/31/2010

The goal was to combine PET and fMRI neuroimaging to determine the distribution and functional activation of the dopamine transporter (DAT) system, and to relate individual differences DAT distribution with genetic variation in the DAT gene.

National Science Foundation, OIA #0722874

"Acquisition of a Research-dedicated Magnetic Resonance Scanner at Stony Brook University" Turhan Canli, P.I.

\$ 1,918,878, 08/31/2007-08/30/2009

This was a major research instrumentation application to bring a research-dedicated fMRI scanner to Stony Brook. At that time, Stony Brook did not have such a facility, forcing a number of faculty to scan elsewhere.

#### GCRC#M01RR10710

"Neurogenetic Correlates of Psychosocial Stress"

Turhan Canli, P.I.

\$24,000, 10/1/2008-12/31/2009

The goal of this project was to measure gene expression in *postmortem* human brain tissue, using the Affymetrix Human Genome U133A 2.0 Array.

National Science Foundation, BCS-0224221

"FMRI of Hormonal Variation in Cognitive-Affective Processing"

Turhan Canli, P.I. (25% academic year, 75% summer)

\$638,658, 9/15/2002-8/31/2008

The goal of this study was to use functional magnetic resonance imaging (fMRI) to evaluate the role of ovarian steroids in brain activation patterns during cognitive-affective processing. A secondary goal was to relate individual differences in brain activation to genetic variation and hormonal state.

National Institute of Health, 1R13-MH067835-01A1

"Biological Basis of Personality and Individual Differences" (Funding for 3-day conference) Turhan Canli, P.I.

\$49,700 total direct cost, conference to be held 9/1-9/4/2004

Research on the biological basis of personality and individual differences has been catalyzed by recent methodological advances in genetics and neuroscience. This conference offered a forum for interactions between psychologists and biologically oriented researchers who share an interest in personality and individual differences and will feature nineteen clinicians, geneticists, psychologists, and neuroscientists from the United States, South America, Europe, and Australia. National Alliance for Research on Schizophrenia and Depression (NARSAD)

"Functional Magnetic Resonance Imaging of Social Phobia"

Turhan Canli, Fellow (10% during academic year)

\$60,000 total direct cost 7/1/2001 - 6/30/2004

The major goal of this project was to evaluate the role of the amygdala in SP, using functional magnetic resonance imaging.

National Institute of Health, 5F32MH011402-03 (NRSA Postdoctoral Fellowship)

"Functional Magnetic Resonance of Emotion"

Turhan Canli, P.I. 10/01/1996 - 09/30/1999

### Funding for Mentored/Advisory/Supervisory Activity

National Institutes of Health, National Institute on Aging, KO1 AG033182-02

"The Economics and Psychology of Self-Control"

Co-Advisor to Dr. Angela Lee Duckworth (a 2013 MacArthur Fellow), Assistant Professor of Psychology, University of Pennsylvania (Main Adviser: Jim Heckman, Economics, University of Chicago)

2009-2014

This project is designed to integrate an interdisciplinary research program on self-control and other capacities that determine economic, social and health outcomes across the life course.

National Institute of Mental Health. Ruth L. Kirchstein National Research Service Award, 1F32 MH091955-01

"Examining several possible causes of GxE non-replications in depression"

Co-Mentor of Dr. Suzanne Vrshek-Schallhorn, Postdoctoral Research Fellow, Department of Psychology, Northwestern University

9/1/2010 to 8/31/2013

This project uses Northwestern-UCLA Youth Emotion Project data and DNA samples to examine possible causes for non-replications which have stymied GxE depression research, including: 1) inconsistency in operationalization of life stress data, 2) differences in how stress relates to recurrences of depression compared to first onsets, and 3) whether gender and race/ethnicity moderate findings.

Japan Society for the Promotion of Science

"The integrative model of gene-brain-somatic mechanisms for custom-made therapy of emotional disorders"

Host and Mentor to Dr. Hiroki Murakami

4/1/2011-3/31/2012

The project was to develop an integrated EEG/fMRI methodology, applied to the study of individual differences in emotional reactivity and emotion regulation, as a function of gene-environment interactions.

Deutsche Forschungsgemeinschaft (Germany)

"Gene environment interaction effects of genetic variability and early life stress on psychosocial stress reactivity"

Sponsor of Dr. Anett Mueller

1/1/2010-6/30/2011

This project investigated the role of early life stress and candidate genes or environmentally plasticity in the context of individual differences in social stress reactivity.

National Institutes of Health. Ruth L. Kirchstein National Research Service Award

"The Neurogenetic Basis of Behavioral Inhibition"

Sponsor of Eliza Congdon

9/1/06-5/30/08

This project tested the hypothesis that variants of two dopamine system-related genetic polymorphisms (DAT and COMT) influence the neural network underlying behavioral inhibition, a more direct expression of impulsivity.

### **Publications and Conference Presentations**

#### Citation Statistics

#### Summary Statistics (based on Web of Science, as of 05/19/2022):

Total citations (excl. self-citations): 10,442 (Google Scholar Citations: 14,433)

Citing articles (excl. articles with self-citations): 8,530

Average number of citations per article: 112.3

h-index: 43 (Google h-index: 52; Google i10-index: 74)

### *Top-accessed article (based on Altmetric, as of 08/23/2021):*

Canli, T. (2014). Reconceptualizing Major Depressive Disorder as an Infectious Disease.

*Biology of Mood and Anxiety Disorders*, 4:10. DOI: 10.1186/2045-5380-4-10.

Accessed more than 84,000 times since 10/31/2014. Altmetric score 297 (average score is 5).

Based on Altmetric, this places it in the 99th percentile of the 234,266 tracked articles of a similar age in all journals.

#### *TEDx Talk on Depression as an infectious Disease (as of 05/19/2022):*

Accessed more than 191,000 times

### **Invited Talks**

- 1. Canli, T. (2022). *Epigenetic transgenerational transmission of trauma*. Webster University Geneva campus, Geneva, Switzerland, March 31, 2022 (virtual talk).
- 2. Canli, T. (2021). Collecting trauma data in an active war zone: The CIMRO Syria Study.

- The 7<sup>th</sup> International East Africa Psychology Conference, Kampala, Uganda, October 7<sup>th</sup>, 2021, (virtual talk).
- 3. Loneliness and Purpose in Life: Biological Mechanisms affecting health. Science and Ethics for Happiness and Well-being, Columbia University, Center for Sustainable Development, New York, May 6, 2019.
- 4. *A one-day Research Certification Workshop in the Neurobiology of Trauma*. Gaziantep, Turkey, July 2, 2018.
- 5. *A brief history of Molecular Psychology*. University of Kisubi, Entebbe, Uganda, September 25, 2017.
- 6. *The neuroscience of refugee mental health.* OCON (Our City of Nations) Conference, Milwaukee, June 13, 2017.
- 7. Refugee mental health from the perspective of neuroscience and genetics. The United Nations University Maastricht Economic and Social Research Institute on Innovation and Technology (UNU-MERIT), The Netherlands, May 19, 2017.
- 8. *Twenty-six novel genes related to trait anxiety.* ROS/MAP Meeting, Rush Medical Center, Chicago, IL May 4, 2017.
- 9. *Behavioral health and war trauma*. Frontline Mental Health Self Care Conference, Kampala, Uganda, April 20, 2017.
- 10. Three pillars of needs assessment in Neuroscience: space, time, and light. Conference on Measuring and Assessing Skills, Human Capital and Economic Opportunity (HCEO) Working Group, The University of Chicago, Chicago, IL, The Netherlands, May 21, 2017.
- 11. *Keynote Address: The refugee mental health crisis: surprising facts from neuroscience and genetics.* The Azzazz Foundation for Refugee Education and Development, Toronto, ON, Canada, February 7, 2017.
- 12. Symposium on genetic and epigenetic pathways to stress-related diseases: Discovery of neuroticism-associated genes from postmortem amygdala. International Society for Psychoneuroendocrinology (ISPNE), Miami, September 10, 2016.
- 13. Symposium: Frontiers in Cognitive Neuroscience: An "integrative neuroscience" approach to individual differences in emotion, personality, and social cognition. Max Planck Institute for Cognitive Neuroscience, Leipzig, Germany, February 22, 2016.
- 14. Missing heritability of human traits: integrating gene expression in postmortem brain with behavioral, neural, and cellular validation. MRC/Wellcome Trust Behavioural and Clinical Neuroscience Institute (BCNI) at the University of Cambridge, U.K., July 13, 2015.

- 15. *Depression: Could pathogens play a causal role in its etiology?* International Society for Research on Emotion (ISRE 2015), Geneva, Switzerland. July 8, 2015.
- 16. Novel Genes Associated with Trait Anxiety: From Postmortem Discovery to Experimental and Clinical Validation. Max Planck Institute for Psychiatry, Munich, Germany, July 6, 2015.
- 17. Assessment of gene-environment interactions in the Trier Social Stress Test. Department of Psychology, Technical University Dresden, Germany, July 1, 2015
- 18. "Purpose in Life" as a Psychosocial Resource: Regulator of social stress reactivity and gene expression in DLPFC and nucleus accumbens. ROS/MAP Meeting, Rush Medical Center, Chicago IL, June 17, 2015.
- 19. Novel Genes Associated with Trait Anxiety: From Postmortem Discovery to Clinical Validation. APS Symposium: The Value of Traits in Clinical Science, Association for Psychological Science (APS), New York, May 23, 2015.
- 20. Depression Reconceptualized as an infectious disease. Canadian Depression Research & Intervention Network (CDRIN), Ottawa, Canada, February, 24, 2015.
- 21. Lonely and Scared: An integrative approach to gene discovery in the human brain. University of Groningen, The Netherlands, February 17, 2015.
- 22. Is Depression an infectious disease? TEDxStony Brook, November 14,2014.
- 23. *Molecular Psychology and Systems Biology of Nucleus Accumbens and Amygdala*. 2013 McGovern Lecture, Beijing University, Beijing, China, October 24, 2013.
- 24. *Loneliness and the Nucleus Accumbens*. ROS/MAP Meeting, Rush Medical Center, Chicago IL, May 27, 2013.
- 25. A workshop on the regulation of gene expression through social and life stress experiences. 2013 ICNC Cultural Neuroscience Conference, Northwestern University, Evanston IL, May 10-12, 2013.
- 26. *Gene Regulation in the Trier Social Stress Test.* Festschrift for Professor Dirk Hellhammer, Muehlheim an der Mosel, Germany, June 30, 2012.
- 27. *Gene regulation in the human brain*. Fourth Annual Conference of the International Giessen Graduate School for the Life Sciences, Justus Liebig Universität, Giessen, Germany, September 22, 2011.
- 28. *The molecular psychology of decision-making*. Behavioral × Biological Economics and the Social Sciences Laboratory, National University of Singapore, Singapore, June 14, 2011.

- 29. *An Introduction to Molecular Psychology*. Faculty of Education, Graduate School of Education, Kyoto University, Kyoto, Japan, June 8, 2011.
- 30. *Integrating genes, brains, and social behavior*. "Genetic, Cellular, and Cognitive Approaches to Understanding Social Behavior": The 15<sup>th</sup> Annual Meeting of the ASSC Kyoto, Social Neuroscience Satellite Joint Tamagawa Caltech Lecture Course 2011, Kyoto, Japan, June 7, 2011.
- 31. An integrative approach to studying gene-behavior associations in the human brain. Selected Talks Session. Genes, Brain & Behavior 13th Annual Meeting of the International Behavioural and Neural Genetics Society (IBANGS), Rome, Italy, May 11-14, 2011.
- 32. *Systems biology meets psychology*. Wuerzburg Spring School, Schloss Schwanberg in Roedelsee, Germany, April 14, 2011.
- 33. *Gene expression in the human brain*. 2011 Annual Spring School of the German Society for Psychophysiology, Schloss Rheinfels, St. Goar, Germany, March 23, 2011.
- 34. A novel approach to studying gene-behavior relations: Epilepsy, anxiety and gene regulation in the hippocampus. Department of Epileptology, Life & Brain Center, University of Bonn, Germany, March 21, 2011.
- 35. A novel approach to GxE: Beyond DNA and candidate genes. Symposium on "Kurt Lewin 2.0: Gene by Environment interactions in personality, culture, and emotion", Annual Meeting of the Society for Personality and Social Psychology. San Antonio, Texas, January, 29, 2011.
- 36. Biological bases of personality: Using biology to infer causality. Spencer Foundation/Institute for New Economic Thinking conference "Beyond Correlation in the Study of Personality: Associations, Investments and Interventions". University of Chicago, Chicago, IL, December 10<sup>th</sup>, 2010.
- 37. *Linking genes to brains to behavior*. National Institute on Aging Division of Behavioral and Social Research Workshop on Economic Phenotypes. Kellogg School of Management, Northwestern University, Evanston, IL, October 14, 2010.
- 38. *Molecular psychology: Neuroimaging of gene-environment interaction in personality*. Stockholm Brain Institute, Karolinska Institute, Stockholm, Sweden, September 2<sup>nd</sup>, 2010.
- 39. From SNPs to epigenetic regulation of stress reactivity: new horizons. Dresden Spring School, Technische Universität Dresden, Germany, March 19, 2010.
- 40. *Neuroimaging of gene-environment interaction in personality*. St. John's University, Jamaica, NY, March 17, 2010.

- 41. *Neuroimaging of gene-environment interaction in personality*. University of Massachusetts, Amherst, December 10<sup>th</sup>, 2009.
- 42. How life leaves its fingerprints on the genome The end of genetic determinism. Panel Discussant on "Nature and Nurture: Their Contributions to Behavior", DeVos Medical Ethics Colloquy on Nature and Nurture. Grand Rapids, MI, September 28, 2009.
- 43. The state of molecular psychology. Bilgi University, Istanbul, Turkey, September 17, 2009.
- 44. *Gene-environment interaction and the serotonin transporter gene polymorphism.* Annual Congress of the European College of Neuropsychopharmacology (ECNP), Istanbul, Turkey, September 16, 2009.
- 45. *The neural basis of gene-environment interactions*. 36th International Congress of Physiological Science, Kyoto, Japan, July 27, 2009.
- 46. *Towards epigenetic mechanisms in the human brain*. Experimental Neuropsychology and Cognition Research Center (Centre de Recherche En Neuropsychologie expérimentale et Cognition-CERNEC), l'Université de Montréal, Canada, April 24, 2009
- 47. *Neuroimaging of gene-environment interactions*. Columbia University, New York, NY, April 15, 2009.
- 48. *Neuroimaging of gene-environment interactions*. Northwestern University, Evanston, IL, April 2, 2009.
- 49. *Imaging genetics of neuroticism A role for life stress*. Spring School: The ABC of Stress. University of Dresden, Germany, March 19, 2009.
- 50. *Imaging genetics of neuroticism*. 12th Annual Scientific Research Symposium sponsored by the Anxiety Disorders Association of America, Albuquerque, NM, March 13, 2009.
- 51. *Neurogenetics of gene-environment interactions*. Pennsylvania State University, Philadelphia, PA, February 25, 2009.
- 52. *The molecular psychology of human emotionality*. International Symposium on the Neuroscience of Emotion. Keio University, Tokyo, Japan, February 9, 2009.
- 53. *Serotonergic regulation of affect and personality*. Department of Clinical Neuroscience, Sahlgrenska Academy, University of Gothenburg, Sweden, November 6, 2008.
- 54. *Imaging genomics*. Workshop on Biology of Social Cognition, Cold Spring Harbor Laboratory (CSHL), July 14-20, 2008.

- 55. Opportunities for advancing behavioral and social research on aging: An introduction for psychological scientists. Association for Psychological Science (APS) Pre-Conference Workshop, Chicago, IL, May 22, 2008.
- 56. *Brain imaging of gene x environment interactions*. Society for the Study of Motivation Meeting (Pre-conference associated with Association for Psychological Science), Chicago, IL, May 22, 2008.
- 57. *Neurogenetics of neuroticism and depression vulnerability*. American Psychosomatic Society (APS) 66<sup>th</sup> Annual Meeting, Baltimore, MD, March 12-15, 2008.
- 58. *Neuroimaging of gene-environment interactions in affective processing*. European Molecular Biology Laboratory (EMBL), Monterotondo, Italy, March 5, 2008.
- 59. *Neuroethics of transcranial magnetic stimulation*. Present and future of TMS. Safety and Ethical Guidelines. Certosa di Pontignano, Siena, Italy, March 6-9, 2008.
- 60. A neural model of gene-environment interactions in affective processing. Chair: Genetic Contributions to Affect. Emotion Pre-Conference, Society for Personality and Social Psychology (SPSP), Albuquerque, NM, February 7, 2008.
- 61. *Neurogenetics of personality*. Tamagawa-Caltech Joint Workshop "Neural Mechanisms of Social Mind", Brain Science Institute, Tamagawa University, Tokyo, Japan, December 7, 2007.
- 62. *Gene-environment interactions: Neurogenetics of personality.* Department of Psychology, Yale University, November 29, 2007.
- 63. Neural mechanisms for gene-environment interactions and their implications. Roundtable Discussion on: Genes for mental phenomena implications for society. Annual Meeting of the Society for Neuroscience, San Diego, November 7, 2007.
- 64. Closing Lecture: Vulnerability for psychopathology: current trends in genomic imaging. 43<sup>rd</sup> National Psychiatry Congress, Istanbul, Turkey, October 27, 2007.
- 65. *Workshop: Designing a research study in genomic imaging*. 43<sup>rd</sup> National Psychiatry Congress, Istanbul, Turkey, October 27, 2007.
- 66. Genes and Emotions. Fatih University, Istanbul, Turkey, October 25, 2007.
- 67. *Current issues in genomic imaging*. Department of Psychiatry, University of Würzburg, Würzburg, Germany, October 6-9, 2007.
- 68. *Neurogenetics of emotion and personality*. Graduate Kolleg Summer School of the University of Würzburg, Kloster Bronnbach, Germany, October 8, 2007.

- 69. *Neuroethics An Overview*. Brazilian Congress of Bioethics, Sao Paulo, Brazil, August 27, 2007.
- 70. *Genomic psychology*. Summer Institute in Social Neuroscience. University of California, Santa Barbara, June 26, 2007.
- 71. *Genes and affect*. Cold Spring Harbor Laboratory Summer Course on "Molecular Mechanisms of Arousal and Attention". Cold Spring Harbor, Banbury Center, June 23, 2007.
- 72. Neuroticism as a risk factor for depression: A neural model of gene-environment interaction. Symposium on: Cognitive, Neural, and Genetic Components of Mood-Related and Personality Pathology, Association for Psychological Science (APS) Annual Convention, Washington, D.C., May 27, 2007.
- 73. *Neural correlates of epigenetics*. Society for Biological Psychiatry. 62<sup>nd</sup> Annual Scientific Convention and Meeting, San Diego, CA, May 17, 2007.
- 74. *Smart drugs go to war*. The Neuroethics of Enhancement: how smart are smart drugs? Dana Foundation, Washington, D.C., May 14, 2007.
- 75. *Genes, brains, and behavior: Genomic psychology.* F.C. Donders Centre for Cognitive Neuroimaging, Nijmegen, The Netherlands, May 11, 2007.
- 76. Genes and affective processing. Advanced Study Initiative (ASI) on Integrating Imaging and Genetics in Cognitive Research, Royal Academy of Science, Amsterdam, The Netherlands, May 10, 2007.
- 77. Neural correlates of emotion and personality: the role of gene-environment interactions, Department of Psychology, University of California, Berkeley, January 16, 2007
- 78. Neural correlates of emotion and personality: the role of gene-environment interactions, Magnetic Resonance Research Center, Yale University, January 11, 2007.
- 79. Chair and Panelist: Session on "The body/mind shop". Seventh international joint conference on Science and Society: "Genes, Brain/Mind and Behaviour". Co-sponsored by The European Molecular Biology Laboratory (EMBL) and the European Molecular Biology Organization (EMBO). Heidelberg, Germany, November 3-4, 2006.
- 80. Discussant: *Neuroscience applications in the U.S. Army*. Workshop on Opportunities in Basic Research in the Behavioral and Social Sciences for the U.S. Military. The National Academies, Washington, D.C., October 24, 2006.
- 81. *Neuroscience applications in Aviation Security*. AVSEC (Aviation Security) World, Sydney, Australia, October 18, 2006.

- 82. *The serotonin transporter polymorphism Neural correlates of action and epigenesis,* Department of Psychology, Yale University, October 12, 2006.
- 83. *Neurogenetics of personality and affect*. Mahoney Institute of Neurological Science. University of Pennsylvania, October 3, 2006.
- 84. Organizer, Chair, and Panelist. *Neuroscience and Neuroethics in the War on Terror*. First International Workshop in Neuroethics and Homeland Security. Tufts University and The Boston Museum of Science, September 29, 2006.
- 85. *The neurogenetic basis of personality*. Annual Meeting of the Society for the Study of Evolution, Stony Brook University, June 23-27, 2006.
- 86. *The biology of personality: Genetic influences on the brain.* Invited Lecture, Long Island Psychology Conference, Hofstra University, April 30, 2006.
- 87. Alumni Recognition Award Lecture: *The Politics of Fear: What is there to fear*? EPIIC Symposium on *The Politics of Fear*, Tufts University, February 23, 2006.
- 88. *Neurogenetic mechanisms of affect processing in personality*. Symposium on Individual Differences in Emotional Processing: Behavioral, Neural, and Genetic Mechanisms. Annual Meeting of the Society for Personality and Social Psychology, Palm Springs, January 26-28, 2006.
- 89. *Molecular-genetic mechanisms of emotional brain reactivity*. The 3rd Takeda PharmaScience Foundation Symposium on Frontiers in Neuro-PharmaSciences: Molecular Pathogenesis and Drug Action. Tokyo, Japan, December 6, 2005; Center of Excellence, University of Tsukuba, Japan, December 9, 2005.
- 90. *Neurogenetic foundations of personality*. Princeton University, Seminar Series on "Social Decision-making", November 29, 2005.
- 91. *Homeland security and neuroscience: a neuroethics perspective*. EPIIC (Education for Public Inquiry and International Citizenship) Colloquium on Politics of Fear. Tufts University, October 18, 2005.
- 92. Opening Lecture: Genomic imaging of personality: Towards a molecular neurobiology of neuroticism. Annual Meeting of the German Society for Psychology. University of Marburg, Germany, September 26-27, 2005.
- 93. Amygdala activation as a function of serotonergic gene variation: Case studies from the 5-HTT. HTR1A, and TPH2 polymorphisms. Department of Psychiatry, University of Würzburg, Germany, September 23, 2005.
- 94. *Genomic imaging of personality*. Magnetic Resonance Research Center, Yale University, May 19, 2005.

- 95. *Genomic imaging of personality*. Genetics Program Retreat at the Stony Brook Sunwood Estate on Friday, January 21, 2005.
- 96. *Brain mapping of personality*. Department of Medicine. Brookhaven National Laboratories, November 18, 2004.
- 97. Brain mapping of personality. Minisymposium on Individual Differences in Brain-Behavior Relationships. 34<sup>th</sup> Annual Meeting of the Society for Neuroscience, San Diego, California, October 23-27.
- 98. Deconstructing neuroticism: gene-brain interactions during an emotional attention task. Invited Symposium chair, Annual Convention of the Society for Experimental Social Psychology, Fort Worth, Texas, October 16, 2004.
- 99. *Imaging genomics of emotion*. Leipzig Workshop on Advances in the Cognitive Neuroscience of Emotional Communication, Max Planck Institute for Human Cognitive and Brain Science, Leipzig, Germany, September 4, 2004.
- 100. *Gene-brain associations in personality*. Conference on the Biological Basis of Personality and Individual Differences, Stony Brook University, August 13, 2004.
- 101. *Neuroethics of personality neuroscience*. New York Academy of Sciences, New York, July 23, 2004.

### Coverage of Research (selected items)

#### **Textbooks**

- Psychology and Life (2012, 20<sup>th</sup> edition), by Richard Gerrig. Pearson, New York.
- Experience Psychology (2010), by Laura A. King. McGraw Hill, New York.
- Psychology and Life (2009, 19<sup>th</sup> edition), by Richard J. Gerrig and Philip Zimbardo. Ally & Bacon, New York.
- The Personality Puzzle (2007, 4<sup>th</sup> edition), by David C. Funder. W.W. Norton & Company, New York.
- Psychobiology of Personality (2005, 2<sup>nd</sup> edition), by Marvin Zuckerman. Cambridge University Press, Cambridge, UK.
- Fundamentals of Human Neuropsychology (2003, 5<sup>th</sup> edition, p. 524), by Bryan Kolb and Ian Q. Wilshaw. Worth Publishers, New York.
- Psychology (3<sup>rd</sup> edition), by Don Hockenbury and Sandra Hockenbury (Eds.). Worth Publishers/W.H. Freeman & Company.
- Biological Psychology (2002, 3<sup>rd</sup> edition, Figure 15.12), by Rosenzweig, Breedlove, and Leiman (Eds.). Sinauer Associates, Sunderland, MA.
- Psychology: The brain, the person, the world (2<sup>nd</sup> edition), by Stephen Michael Kosslyn and Robin S. Rosenberg (Eds.). Book News, Portland, OR.
- Fundamentals of Human Neuropsychology (2003, 5<sup>th</sup> edition), by Bryan Kolb and Ian Q. Whishaw. Worth Publishers, New York.
- Psychological Science, web-based compendium to the textbook (2003), by Michael S. Gazzaniga and Todd F. Hetherton. W.W. Norton, New York.

- *Science*, 307, 11 March 2005, p. 1548: "Brain scans raise privacy concerns" (an article about neuroethics).
- APA Monitor. February 2001, pp. 66-68. Time Magazine, January 20, 2003.
- Press Services: Associated Press, United Press International, German and French Press Agencies.
- Selected Newspapers: New York Times, Boston Globe, Los Angeles Times, Chicago Tribune Toronto Star, Philadelphia Inquirer, Wall Street Journal, Sabah (Turkey), Hurriyet (Turkey), Apoteken Umschau (Germany)

#### Radio

- Selected Radio Stations: National Public Radio, ABC News Radio with Sam Donaldson, Voice of America, VOA Turkey, BBC, Public Radio South Africa, local stations across the U.S., Canada, Ireland.
- NPR broadcast of "The Infinite Mind: Neuroethics". Program broadcasted September 7<sup>th</sup>, 2003. Archived file available at www.theinfinitemind.com.

#### Television

- Turkish National Television (NTV), 12/1/2014.
- Television: newscasts on CNN, MSNBC, various local stations.
- Canadian Broadcasting Company. As part of a 5-part 5-hour series on "War of the Sexes", my work was extensively featured in a one-hour program and was aired in February 2004 in French on Radio-Canada (the National French-Canadian TV station) and September 2005 on CBC in English.
- Swedish National Education Broadcasting Company. As part of a 4 part TV series on "Frontiers of the Brain", my work was extensively featured in a program on "The Extroverted". The program was shown in Sweden in the Spring of 2005 to an audience of several hundred thousand Swedish viewers and is now part of the education program in neuropsychology at the University of Uppsala.

### Teaching and Mentoring Experience

#### Classes taught

#### Graduate

BNB562, Systems Neuroscience (Spring 2016-21, Neuroscience Program)

BGE 550, Genetics (Fall 2013, Genetics Program)

GRD 500, Responsible Conduct in Research (Spring 2013)

BGE 510, Graduate Genetics (Fall 2012)

BGE 560, Journal Club in Molecular Psychology (2011)

BGE 510, Responsible Conduct in Research (Spring 2011, Genetics Program)

PSY 638, The Biological Basis of Personality (Fall 2005, Psychology)

PSY 638, Affective Neuroscience (Spring 2002, Psychology)

PSY 561/562, Behavioral and Cognitive Neuroscience (Spring, Fall, 2018, 2019, 2023)

# <u>Undergraduate</u>

PSY 358 Molecular Psychology (Fall 2014, 2015, Spring and Fall 2016-2022)

Neuroethics (Spring 2013, 2014)

Changing the world with \$20 Microcredits (Spring 2010)

PSY 103 Introductory Psychology (Spring 2003, 2004, 2005, Spring and Fall 2006, Fall 2007, 2009, 2011, 2012, 2014 Stony Brook University)

PSY 358 Neuroethology (Fall 2001, 2002, 2003, Spring 2010, 2012, Fall 2014, 2016, Spring 2021, 2022, Stony Brook University)

PSY 103 Introduction to Personality (Fall 2000, University of California, Berkeley)

Neuroscience of Learning and Memory (1988, Tufts University)

PSY 201 Research Methods (Spring 2006, 2007, 2009, 2010, Spring and Fall 2016, Stony Brook University)

PSY 275 Supervised Research Tutorials (2001- Present, every semester)

Honors Program (Spring 2007, Stony Brook University)

HON 106 Modes of Being (Spring 2016-2019, Stony Brook Honors College)

HON 401 Global Issues (Fall 2018, 2020, Stony Brook Honors College)

Advisees

#### **Postdoctoral**

Dirk Moser (2010-2011), Prerona Mukherjee (2011-2014), Anett Müller-Alcazar (2010-2012), Hiroki Murakami (2011-2012), Kazufumi Omura (2003-2006).

#### Graduate

Zenab Amin (Psych, 2001-5), Yen-Wen (Samantha) Chen (2017-present), Eliza Congdon (Psych, 2002-8), Xanna D'Agostino (Neuroscience, 2013-2015), Elif Duman (Psych, 2007-2012), Jamie Ferri (Psych, 2008-2014), Rachel Ferry (2020 – present), Nia Fogelman (Psych, 2013-2018), Brianna Gonzalez (2017-present), Alicia Grande (Psych, 2005-2007), Stephanie Izzi (Genetics, 2010-2014); Xiaosi Gu (Psych, 2005-2007), Brian Haas (Psych, 2002-6), Yael Isler (Psych, 2009-2011), Magdalena Jurkiewitz (Genetics, M.D./Ph.D., MSTP 2009-2013), David Kattan (Psych, 2013-2018), Breena Miller (Medical, Summer 2002), Jasmin Roohi (M.D./Ph.D., MSTP, Summer 2004), Babak Sadighim (Psych, 2011), Donya Ziadlou (2022-present).

### <u>Undergraduate</u>

Richard Adam (2020-21), Jane Ahn (2013-14), Sarah An (2010-2011), Bilal Asif (2010-2012), Alarico Barabino (2011-2012), Victoria Bayevskiy (2022), Dmitry Butsenko (2012), Ghazal (Giselle) Chahili (2013-15), Pirtya Chugh (2011), Rebecca Clairvoyant (2022), Dina Cottone

(2013-14), Wendy Fang (2013-14), Alicia Francisco (2012), Sisira Gajjala (2022), Ryan George (2022), Stephen Germana (2013-14), Radeyah Hack (2005-6), Lamia Haider (2013-), Jayanta Hedge (2001-2), Simon Huang (2011-13), William Ji (2013-14), Sarah Khan (2001-3), Emma Kobolakis (2010-2011), Chris Lonardo (2006), Eric Lubomir (2013-15), Sidra Mahfooz (2010), Meher Mamoor (2011-2012), Nicole Markopoulos (2013-2015), Steve Mao (2022), Nicole Marsan (2006-7), Dorothy McGee (2014-16), Yi Miao (2011-2012), Rajaa Mourabet (2010-2011), Mohammed Naqi (2012), Shahtaz Newaz (2010-2011), Farhaan Noor (2022), Natalie Odynocki (2011-2012), Jezreel Otto (2003-4, 2006-7), Radoslav Petrov (2009-2010), Ioana Radu (2002-3), Elizabeth Ramjas (2006-7), James Ryan (2009), Crystal Sandiford (2004-6), Lily Sarrafha (2011-2012), Shephali Sharma (2009-2010), Amandeep Singh (2011-2012), Jason-flor Sisante (2005-7), Sarah Skender (2016-2018), Lindsay Slater (Cornell University, Summer 2002), Nyomi Sutherland (2022), Daniel Swerdloff (2011-2012), Narumi Tokunaga (2004-6), Andrea Tountas (2012), Shaomin Wei (2005), Jennifer Williams (2012), Henry Xiao (2011-2012).

### High School

Christine Ellman (Summer 2004), Rachel Goldstein (Summer 2004, 2005), Kristin Grotecloss (Fall 2002), Karen Law (Summer 2002), Hillary Lin (Summer 2006-Spring 2007), Julie Linzer (Summer 2005), Hillary Wool (Summer 2004 - Spring 2005).

#### Advisee Honors

- 2022 Brianna Gonzalez: Stony Brook Foundation Board of Trustees Dissertation Completion Endowed Fellowship
- 2021 Brianna Gonzalez
  - Turner Summer Research Grant
  - AGEP PUI (Alliance for Graduate Education and the Professoriate,

Predominantly Undergraduate Institutions) Alliance Fellow

- 2020 Yen-Wen (Samantha) Chen: Society for Neuroscience Trainee Professional Development Award
  - Brianna Gonzalez: Scholar for the 2020 Scientist Mentoring & Diversity Program for Biotechnology (SMDP Biotech).
- 2019 Brianna Gonzalez: Bridge to the Doctorate Research Grant
- 2018 Brianna Gonzalez: Biopsych Founders Fellowship
- 2016 Nia Fogelman
  - The John Neale Endowed Graduate Student Excellence Fund
  - The Stony Brook University Biopsychology Founders Endowed Fellowship.
- 2013 Ghazal Chahili: Explorations in STEM Research
- 2012 Simon Huang: URECA Summer Fellowship Award
- 2011 Bilal Asif: URECA Summer Fellowship Award
- 2008 Eliza Congdon: President's Award to Distinguished Doctoral Students (Stony Brook) Elizabeth Ramjas: Minorities in Psychology Award (Stony Brook)
- 2007 Hillary Lin, Intel Semi-Finalist

Eliza Congdon:

- SfN Women in Neuroscience Graduate Student Travel Award
- Invited Presenter, NIH National Graduate Student Research
- 2006 Brian Haas, Retirees' Dissertation Fellowship

Eliza Congdon, Alumni Graduate Summer Fellowship Rachel Goldstein:

- Intel Semi-Finalist
- Round One Winner: Long Island Science and Engineering Fair
- 2<sup>nd</sup> place, Round Two: Long Island Science and Engineering Fair
- 2<sup>nd</sup> place, New York State Science and Engineering Fair
- The American Psychological Association Teachers of Psychology in Secondary Schools: Certificate of Award for Outstanding Research in Psychology

Crystal Sandiford, Minorities in Psychology Scholarship Award, Dept. of Psychology, Stony Brook University

Narumi Tokunaga, 2<sup>nd</sup> place, Psi Chi Research Conference

2005 Jason-flor Sisante, MARC (Minority Access to Research Career) Fellowship Eliza Congdon, Alumni Research Fellowship, Honorable Mention Rachel Goldstein, Simons Fellow

Narumi Tokunaga, URECA (Undergraduate Research and Creativity Award) Research Fellowship

Hillary Wool:

- 1st Place at the Rohm and Haas Invitational Science Fair (Behavioral Science
- category)
- Round One Winner -- Long Island Science and Engineering Fair
- Honorable Mention in Round Two of LISEF
- The American Psychological Association Teachers of Psychology in Secondary Schools: Certificate of Award for Outstanding Research in Psychology
- 2004 Eliza Congdon, Award for Excellence in Research (2nd Year Project)

Christine Ellman, Simons Fellow

Hillary Wool, Simons Fellow

2002 Karen Law

- Intel Semi-Finalist
- Simons Fellow
- 2002 Breena Miller, M.D., with recognition in research program
- 2002 Kristin Grotecloss, Discovery Young Scientist Challenge Finalist
- 2001 Jayanta Hedge, Honors College

Sarah Khan, Honors College

### Dissertations supervised

#### Ph.D. in Genetics

- Stephanie Izzi, Neural Correlates and Peripheral miRNAs Associated with Stress-Induced Telomere Shortening. Defended July 30, 2014.
- Magdalena Jurkiewicz, *The Role of microRNA in Trait and State Anxiety*. Defended July 31, 2013.

#### *Ph.D. in Psychology*

• David Kattan, Aging: Implications for Theory of Mind. Defended April 27, 2018

- Nia Fogelman, A Closer Examination of Stress: Early Life, Genetics, and Physiology. Defended April 26, 2018
- Jamie Ferri, Attentional Deployment within Unpleasant Pictures: Neural Correlates & Functional Connectivity. Defended April 9, 2014.
- Elif Duman. Impact of Early Life Stress and 5-HTTLPR on Adulthood Stress Reactivity: Investigation of Changes in Cortisol, Gene Expression and DNA Methylation. Defended August 10, 2012.
- Eliza Congdon. *The Neurogenetic Basis of Behavioral Inhibition*. Defended April 25, 2008.
- Brian Haas. Differential Temporal Dynamics of BOLD Signal during Emotional Tasks Associated with Personality. Defended December 6, 2006.
- Zenab Amin. Effects of Hormonal Variation on Neural Correlates of Cognitive-Affective Processing. Defended August 12, 2005.

### Ph.D. in Neuroscience

• Alexandra D'Agostino. Loneliness and Brain Response to Social and Emotional Images in Older Adults. Defended October 2, 2015.

### Alumni Placements (first placement after graduation)

#### Postdoctoral Advisee Alumns

Anett Müller-Alcazar, Ph.D., Assistant Professor, Medical School Hamburg, Germany Prerona Mukherjee, Ph.D., Postdoctoral Scientist, Psychiatry, Stony Brook University Hiroki Murakami, Ph.D., Tokyo Metropolitan Institute of Medical Science, Tokyo, Japan Kazufumi Omura, Ph.D., Associate Professor, Yamagata University, Japan

#### Graduate Advisee Alumns

Zenab Amin, Ph.D., Postdoctoral Fellow, Yale University

Eliza Congdon, Ph.D., Postdoctoral Fellow, University of California, Los Angeles

Elif Duman, Ph.D., Assistant Professor, Department of Psychology, Bosphorus University, Istanbul, Turkey.

Jamie Ferri, Ph.D., Postdoctoral Fellow, University of California, San Francisco

Nia Fogelman, Ph.D., Postdoctoral Fellow, Yale University

Brian Haas, Ph.D., Postdoctoral Fellow, Stanford University

Magdalena Jurkiewicz, Ph.D., continued M.D. training at Stony Brook School of Medicine (completed M.D. May 2015).

Stephanie Izzie, Ph.D., Speech Language Pathology Research and Practice at MGH Institute of Health Professions, Harvard Medical School.

Alexandra D'Agostino, Ph.D., Postdoctoral Fellow, Dept. of Psychiatry, Stony Brook University.

#### High School Advisee Alumns

Christine Ellman, Yale University Rachel Goldstein, Cornell University Karen Law, Massachusetts Institute of Technology Hillary Lin, Stanford University Hillary Wool, Dartmouth College

2005 – 2006 University Senate, Graduate Council 2002 – 2008 Simons Fellowship Committee

### National and International Service

2006-15 Co-Founder, Board of Directors and Executive Board, The Neuroethics Society

Extensive activities, including membership on the Executive Board since 2006, Chairmanship of the Organizing Committee for the Annual Society Meetings, international travel lecturing, promoting, and supporting the development of Neuroethics (details listed under the relevant sections).

#### National and International Advisory Service

2020 – present	Chief Scientist (pro bono), Canadian International Medical Relief
	Organization (CIMRO)
2014	Consultant to Biomedical Research Alliance of New York, Product Review
	for software product "Protocol Builder"
2012	Consultant to the Presidential Commission for the Study of Bioethical Issues,
	Washington, D.C.
2010	National Science Foundation: Workshop on Genes, Cognition, and Social
	Behavior
2009 - 2014	Templeton Positive Neuroscience Steering Committee
2009	Advisory Council, Brazilian Ethics and Bioethics Institute, Sao Paulo, Brazil.
2008	Member, National Advisory Council on Aging (NACA), Genetics
	Subcommittee. National Institute on Aging (NIA), Division of Behavioral and
	Social Research (DBSR).
2005	Adviser to the Clinical Research Group on Attention-Deficit-Hyperactivity
	Disorder, Julius-Maximilians-Universität Würzburg, Germany.
2005 - 07	Adviser on "Identity" exhibit, Franklin Institute, Philadelphia, PA.

#### *International Dissertation/Habilitation Supervision and Examination*

Habilitation of Dr. Heike Werner, Julius-Maximilian-Universität Würzburg, Germany.

2015	Michelle Servaas, University of Groningen, The Netherlands
2012	Jonas Waider, Julius-Maximilians-Universität Würzburg, Germany.
2010	Opponent to Tina Lonsdorf, Karolinska Institute, Stockholm, Sweden.
2008 - 2012	Jonas Waider, Julius-Maximilians-Universität Würzburg, Germany.
2008	Opponent to Susanne Henningsson, Institute of Neuroscience and Physiology
	at the Sahlgrenska Academy, University of Gothenburg, Sweden.

### **Board Membership**

2006 – 2015 Co-Founder, Member of the Governing Board and Executive Committee, Neuroethics Society

2021	Founder/Chief Adviser: Molecular Psychology: Brain, Behavior, and
	Society
	(Online Journal, F1000reseearch.com, Taylor & Francis Group)
2017-Present	Founding Editorial Board, Personality Neuroscience
2011-Present	Editorial Board, Culture and Brain
2011-Present	Editorial Board, Journal of Neuroscience, Psychology and Economics
2010- 2015	Editorial Board, Biology of Mood & Anxiety Disorders
2005-2017	Editorial Board, Social Neuroscience
2008-2015	Editorial Board, Psychological Bulletin
2004-7	Consulting Editor, <i>Emotion</i>
2004-5	Consulting Editor, Psychophysiology
2004-5	Consulting Editor, Individual Differences Research

#### Chair

- Symposium on "Genetics of Stress", Spring School: The ABC of Stress. University of Dresden, Germany, March 19, 2009.
- Symposium: Genetic Contributions to Affect. Emotion Pre-Conference, Society for Personality and Social Psychology (SPSP), Albuquerque, NM, February 7, 2008.
- Session on "The body/mind shop". Seventh international joint conference on Science and Society: "Genes, Brain/Mind and Behaviour". Co-sponsored by The European Molecular Biology Laboratory (EMBL) and the European Molecular Biology Organization (EMBO). Heidelberg, Germany, November 3-4, 2006.
- Organizer, Chair, and Panelist. Neuroscience and Neuroethics in the War on Terror. First International Workshop in Neuroethics and Homeland Security. Tufts University and The Boston Museum of Science, September 29, 2006.

### **Grant Panels and Reviews**

2022	U.K. Medical Research Council
2020	Digital Media and the Developing Brain Foundation
2020	Austrian Science Fund (FWF), NSF, Graduate Women in Science
2019	NSF, Graduate Women in Science
2018	NSF, CAREER Award Review: Application of Ajay Satpute
2016	Social Psychology, Personality, and Interpersonal Processes [SPIP] study section

2015	The Icelandic Research Fund
2015	Netherlands Organization for Scientific Research
2015	NIH Molecular Neurogenetics (MNG) Study Section
2014	John Templeton Foundation
2014	NSF, Cognitive Neuroscience Panel
2013, '14	
,	Behavioral Neuroscience Fellowship (F02A) NIH study section
2013	Chair, Study Section ZRG1 BBBP-R, Special Emphasis Panel: Biobehavioral
	Mechanisms of Emotion, Stress and Health
2010	Stage 2 (Senior) Reviewer, Science of Behavior Change: Finding Mechanisms of Change
	in the Laboratory and the Field (R01) Funding Opportunity Announcement (FOA),
	National Institutes of Health
2010-11	Netherlands Organization for Scientific Research
